PROFILE

I'm a tech enthusiast and software developer, constantly exploring new technologies and pushing the boundaries of what's possible. I thrive on the thrill of learning and mastering new programming languages, frameworks, and tools, harnessing their potential to develop cutting-edge solutions.

WORK EXPERIENCE

Programmer/Analyst Intern

Amazon

Jan 2023 - Present

- Interned as a Programmer Analyst, gaining valuable experience in developing and optimizing software solutions.
- Focused on Java and AWS technologies during the internship.
- Collaborated with senior programmers and analysts to deliver high-quality applications.
- Designed, coded, and tested various software components in Java, following best practices and object-oriented principles.
- Utilized AWS resources such as SQS, S3, Ddb, and CloudWatch to build cloud-based applications.
- Demonstrated troubleshooting and debugging skills.
- Actively participated in code reviews to enhance code quality.
- Deepened Java programming skills and gained hands-on experience with AWS resources throughout the internship.

Software Development Engineer Intern

Fydo

Sept 2021 - Sept 2022

- Actively involved in ReactJS projects as a Software Development Engineer intern.
- Developed and maintained various features and functionalities for an admin dashboard and the company's website (<https://fydo.in/>) using React.js and TypeScript.
- Created multiple components and modules, ensuring seamless integration within the overall system architecture.
- Gained valuable experience in ReactJS development and demonstrated effective collaboration within an agile team environment.
